Ms Leslie Williams was Brutally assaulted on a MTS Bus on 10/10/2011-Then MTS sent Ms Williams a Altered Video of the Assault-The Assault Video was Noticed by a Proffessor Eric Pierson a Proffessor of Communications who specializes in Video's and Images-At USD University
 The fact that the Video MTS sent to MS Williams that was sent to her altered by MTS was reported to the San Diego Police Eastern Division Police deaprtment-They implied Ms Williams was Delusional-This Assault took place within 36 Hours after Ms Williams appeared in your Office and talked to a Ms Garcia concerning Ms Williams being Subjected to Organized GangStalking Methods and Tactics along her Routes which included the fact that the Bus route she was also experincing GangStalking on was the Very Bus Route she was assaulted on and the same route she verbalized she takes to Ms Garcia
 Also Ms Williams stated she has strong Suspetions that the SDPD was " is " involved in the GangStalking she was experincing and that Human Trafficking is one of the Types of Crime descriptions attached to the Motivation the perpetrators Had/Have for Ms Williams-It is VERY Understood that a Detective Barney Told MS Williams the Video and His Conclnsions concerning the Assault whould be forwarded to Your Offcie for Conclusion-Crime Victim services were Also Denied to Ms Williams By stating tha Assault wasnt deemed a Felonie-
 One of the Purposes of this Email transmission is to inform

Bonnie Dumanis - San Diego County District Attorney

That this was a Staged assault with at Least MTS being Involved along with the perpetrator who assaulted her- And it is Highly Suspected the Investigation of these facts that the SDPD deliberatley Botched the investigation and the Factual realitie the Assault video was altered which Violates many Laws all of them Being Felonies Ms Williams aslo caught three teenagers who boarded the Same Bus Route on 1/28/2012 Bus Route 928 which she was already on to engage in behaviors she told the SDPD she was experincing way back on 8/18/2011 and Numerous dates after that as well-That admission by these thress teenagers was caught on Audio Is their also a Video she took of them as they were doing it Part of their Confession deatiled a Third UnKnown partie to Ms Williams a Person by th name of Jemar solicted these three Teenagers to get on the Bus to engage in these behaviors how did that person know she was on the Bus -and on that bus at the Time she was on it-Stalking an the behaviors they were told to engage in towards MS Williams are Organized GangStalking Sesnitization Methods which are even being described by many other targets of these crimes all across the Country
 It is Understood that certain Employment descriptions in the Governement Aid and Abed if not Host Specific Aspects of GangStalking a Target but will also use their same employment to assist in Falsified Police reports Staged Arrest's Illegally petitioning them into a Psychiatric Ward to have a Organized Crime Syndacted County Mental Health Official Discredit targets-
 It is Being strongly advised to The San Diego Dsitric Attorneys Offcie that Ms Williams Communications are being Monitored Hacked ReRouted Intercepted and facked and that Uncorupted legal Assistrance is especially hindered to every target.

This Same criminal Syndactes (s) are also connected to Police Offciers even Entire Police Deaprtments-
And Police Officers and Public officials can be Targeted as well

It is strongly Advised that The San Diego District Attorneys office understand that Ms Williams is a EXTREMEY Educated Individual Concerning these crimes and that Universities and Public Libraries will Aid and Abbed in the Cyber Monitoring the GangStalking Staged events that includes framing these events to frame the Results Arrests or Falsified Police and or doctors reports to discredit the target and or the Thruth the Target is attempting to report and or to contain th target You are being notified that Ms leslie K Williams is a Human Trafficking target she has witnessed before her Eyes Specific Police officers engage in GangStalking methods to her Face and are still denieing her the right to this date to make a Police report stateing to the effect they realize she is being subjected to this crime

Why do you belive that is-
Their has to be A Reason

Ms Williams will creatively make sure that these statments and the Connecting details and evidence is Exposed one day No matter what And she does have in her Poccusion a Huge amount of Undisputible Evidence

Here is a Video showing GangStalking is a Factual realitie :::

The Article enclosed above is another factual realitie that even Police offciers and Public Officials have been Victims of it and Acknowledge it
