As a result of them stealing my funds out of my bank Account
"They may leave enough for Rent" but if they don't they will try a
lock out thru my landlord between the 5th of April may June 2010
to keep my property hoping this will cause Provacations since I know its
them doing it - They always associate themselves to a Action
Thru Direct Conversation before they do something -
Or they do something based on what part of a timeline or blog
I'm working on - Then introduce, stage a incident based on the
part of the timeline or blog, introduce means they'll use a person
Thats in the part of the timeline or blog - or they'll use a nature of
a previous incident or tactic that is mentioned in the section of
the timeline or blog - Now they know and I know Kathy Martin
mailed a letter from michigan road oakwood Branch to the FBI for
me in April 2006 she is now working at the Bank of America off of
Telegraph and Penn st in Dearborn heights - I will go and request
to see her and I will go back to my Bank on mich & oakwood to
get an Audio how, about how the ATM in March would not give me
800.00 causing me to go into the Bank for the withdrawal in which
at that time the withdrawal was caught on tape
This is the same bank that I used this Banks, my ATM card to join the
ACLU in February on the internet from Henry Ford Centennial Library,
so this could also be a reason for them to do this - Also when they
steal my ID they know that I can deposit money orders in this
account so this provocation will be done in their hopes I close down
this account -
