

As a result of me going to Ann Arbor for police Report and or me going to first step in redford or plymouth they will utilize the tactics mentioned in the previous notarized notarises mainly the notarises from December 2009 & January 2010, The gang stalkers and police who are working together want homelessness & hospital diagnoses. When I start going to the ACLU and when they see me using the internet @ either UOTM Dearborn, Bloomfield library on Lone Pine Rd & telegraph or Henry Ford Centennial library on Michigan Ave to look up information on Civil Agencies, lawyers, or to use the internet to post blogs, posts, or continue the time line, especially when I start, continue, or finish the section of the time line concerning the stolen money orders they will employ more tactics @ home & tactics mentioned in recent notarises. New tactic may be to get family members to come here for production tactics. Anything they attempt in reference to this notary shows their methods are tailored in part to them responding to what I'm doing on my time. Also the Ann Arbor police & First Step will try to stone wall me by saying the computers are down when I go there -
